-----------------------	--

Personal skills

Communication, Presentation and networking	Throughout my study and work I have developed my oral communication skills, contributing to seminars and debates in class. I was assessed on my presentation skills on a number of occasions and received feedback confirming that I am a confident presenter.
Team working	I am an active team member and will contribute to team's ideas and outcomes. I recognize it is important to work together as a collective and to try and encourage those who may not be as confident as others. Working as an effective team is also essential to the success of the volunteering activities
Volunteering	I am an active member of Palestine Polytechnic University volunteers group, doing many actions in special needs centers, elderly care centers and orphanage centers periodically. Volunteer in Al-Nayzak Organization for scientific activities for children. I'm also a member of Basma volunteering group in Hebron.
